Email: ayush.r.suri@gmail.com | **Mobile:** +44 07570157239 | **Address:** London, United Kingdom

TECHNICAL SKILLS

- **Programming Languages:** Java, Kotlin, Swift, Python, C++, HTML5, Bash
- **Web Technologies and Frameworks:** Node.js, React, Spring, Hadoop, Scikit-Learn, JavaFX
- **Messaging Frameworks:** Kafka, Solace
- **Developer Tools:** Git, Xcode, IntelliJ, VS Code, UNIX
- **Databases:** MySQL, MongoDB, Neo4j, GraphX, CoreData, Couchbase, KDB
- **Testing Frameworks:** JUnit, Mockito

EDUCATION

MSc in Computer Science | GPA: 3.73 Aug 2021 - Aug 2022
University College Dublin Dublin, Ireland

- **Key Modules:** Java Programming, Cloud Computing, Big Data Programming, Machine Learning with Python, Advanced Data Structures, Data Science in Python, Relational Database Management System

Bachelor of Technology in Computer Engineering | GPA: 8.82/10 Aug 2016 - Oct 2020
K. J. Somaiya College of Engineering, University of Mumbai Mumbai, India

- **Key Modules:** Data Structures and Algorithms, Operating Systems, Artificial Intelligence, Database Systems, Data Warehousing and Mining, Cloud Computing, Object-Oriented Programming

EXPERIENCE

Citi Sep 2024 - Present
Assistant Vice President - FX STIRT | Java, Python, Unix, SQL London, UK

- Developed the pricing structure for EUR-based crosses for global and onshore branches
- Improved Solace connectivity by adding an inbox reply mechanism, which reduced loading slowness by 30%
- Analysed and modified Stack Models code to increase subscription capacity used by downstream applications
- Developed and optimised low-latency algorithms, including system enhancements for currency-specific requirements, resulting in a 20% increase in system efficiency
- Automated Book Value data processing in Python and built interactive dashboards, freeing local CPU usage by 82%
- Led the Chat Blotter server-side implementation, which was highly praised by upper management

Technology Analyst | Java, Kotlin, TypeScript, Unix, SQL Sep 2022 - Sep 2024

- Created a Python script for automating currency onboarding on FX trading desk applications, which saved developer time by 73%
- Built a Python script to analyse the load on multiple production hosts, which helped make the system 20% faster
- Maintained the server-side of FX trading by developing features requested by traders, which increased their work efficiency by 25%
- Developed a full-stack filtering mechanism for the Rules Engine application, which increased the application's throughput

SAP

CoE Intern | SAP S4/HANA, SQL

Jun 2022 - Aug 2022

Dublin, Ireland

- Worked with the Data Governance team to improve client system performance, increasing efficiency by 2x

PUBLISHED ACADEMIC PROJECT

Digital Pulse Emulator - Tata Institute of Fundamental Research | Python, C

- Led a team of 4 where a system was developed to read pulses at different energy levels and periods, generate a graph and provide data to test large-scale data acquisition systems
- Published a paper titled “**Development of Digital Pulse Emulator**” in the **International Journal of Engineering, Research and Technology (Volume 8 Issue 1, 2021)**, explaining how different Python methods can be used to obtain optimised results with regard to energy pulses

SKILLS & COMPETENCIES

- **Leadership:** Appointed as the London Lead for the Graduate Analyst Global Hackathon 2023 while working at Citi. Elected as the General Secretary of VESP in 2016-17. Additionally, group lead of the final-year engineering project
- **Communication Skills:** Excellent presentation and writing skills developed through internships, jobs and extra-curricular activities
- **Teamwork:** Demonstrated teamwork while working on a global project for Citi. Moreover, demonstrated teamwork while playing football at university level and winning several competitions
- **Self-motivation:** Self-taught in programming languages including Python, Kotlin and TypeScript, with problem-solving skills demonstrated through projects on my GitHub account
- **Networking:** Constantly connecting with new and diverse people through LinkedIn and various industry meet-ups
- **Analysis & Problem-solving Skills:** Good analytical and problem-solving skills gained through solving coding questions and working on various projects
- **Languages:** English (Fluent), German (Beginner), Hindi (Fluent)

PROFESSIONAL DEVELOPMENT

- Master React State & Hooks (Udemy), Feb 2023
- Working Smarter at Citi, Dec 2022
- Global Citizen U21, Nov 2021

AWARDS AND ACHIEVEMENTS

- UCD Advantage Award, 2022
- First Prize in Data Visualisation Challenge for Women’s Safety, 2022
- Volunteered with “ETC”, an NGO for children with disabilities, teaching them Mathematics and Science
- Awarded “STUDENT OF THE YEAR” among 18,000 students of VESP in 2015-16
- Certified A1 Max Mueller German Speaking and Writing Skills
- 3 levels of Practical & Theoretical Electronic Keyboard, affiliated with Trinity College London, 2002 - 2009

HOBBIES

- Playing football, gaming and listening to music
